

IOPR NEWSLETTER

EDITION-II

VIDARBHA YOUTH WELFARE SOCIETY'S, INSTITUTE OF PHARMACY AND RESEARCH,
BADNERA.

Theme: "IoT Driven Pharmacy Education at Dusk"

INSTITUTION AT A GLANCE

The Institute of Pharmacy and Research (IOPR), Badnera, affiliated with MSBTE, stands as a beacon of quality pharmaceutical education under the umbrella of Vidarbha Youth Welfare Society, with a vision to become a Centre of Excellence, it continues to innovate in both academic delivery and student welfare.

Vision:

“To Become a Centre of Excellence in Pharmaceutical Education by Providing Standard Academics That Connect Knowledge, Practice, and Research.”

Mission:

“To Foster Pharmacists by Providing a Continuously Improving Academic Environment That Promotes the Advancement of Pharmaceutical Knowledge, Both in Creation and Dissemination.”

PRINCIPAL'S DESK

Dear Students,

Institute of Pharmacy and Research Badnera (IOPR) was established in the year 2017 with the clear intention of Quality Pharmacy Education. Institute offers D. Pharm, B. Pharm. and M. Pharm courses affiliated to Sant Gadge Baba Amravati University, Amravati (SGBAU) and Maharashtra State Board of Technical Education, Mumbai (MSBTE). Institute has emerged as a fastest developing educational Institute in Amravati Region. Institute is well known for its academic culture and disciplined atmosphere. With the dedicated highly qualified team Institute is committed to fostering a dynamic learning and research environment, innovative teaching methodologies and overall personality development of students. Students of IOPR, Badnera consistently performing excellently on academic, curricular, extra-curricular, social front.

We are eager to inspire and guide the next generation of pharmacy professionals and contribute to their academic, all-rounder personality development.

IoT-Driven PHARMACY EDUCATION AT DUSK

The Internet of Things (IoT) is transforming **pharmacy education** by enabling **hands-on, technology-driven** learning.

IoT integrates **smart systems, real-time data**, and **automated processes**, helping students connect theoretical knowledge with practical applications.

Through IoT-based **experimentation**, pharmacy students **gain exposure to data monitoring, process optimization**, and **intelligent decision-making** relevant to modern healthcare and pharmaceutical industries.

IoT enhances learning by allowing students to **analyze real-time parameters, understand system behavior**, and **improve problem-solving skills**. It supports interdisciplinary learning by combining pharmaceutical sciences with **data analytics and digital technologies**.

IoT-Driven PHARMACY EDUCATION • AT DUSK •

FACULTY SPEAK

IoT-driven pharmacy education marks a transformative approach in modern teaching-learning practices by bridging the gap between theory and real-world application. The integration of **smart systems, sensors,** and **real-time data** enables students to understand **pharmaceutical processes more clearly and practically.** Through **IoT-based** learning, students **can monitor parameters, analyze data trends,** and **observe system behavior,** which enhances their **analytical** and **problem-solving** skills. This technology-driven approach promotes **interdisciplinary** learning by combining pharmaceutical **sciences** with **data analytics, automation,** and digital technologies.

From a faculty perspective, IoT encourages **active learning, innovation,** and **research-oriented thinking** among students. It also prepares them to adapt to rapidly evolving industrial and healthcare environments. By exposing learners to **smart healthcare systems** and advanced pharmaceutical practices, IoT-driven education

MS. E.S. RITHE –
LECTURER, IOPR,
BADNERA

IoT-Driven PHARMACY EDUCATION • AT DUSK •

STUDENT SPEAK

IoT-driven pharmacy education has made learning more **engaging, practical, and future-focused** for us as students.

By working with **smart systems** and **real-time data**, we are able to clearly **understand how pharmaceutical processes** operate beyond textbooks. IoT-based learning helps us **analyze parameters, observe system behavior,** and **develop strong problem-solving skills**. It also introduces us to **interdisciplinary knowledge** by combining **pharmacy** with **data analytics** and **digital technologies**. This exposure boosts our **confidence** in handling advanced tools and prepares us for careers in **smart healthcare, pharmaceutical manufacturing,** and **research**. Overall, IoT-enabled education **inspires innovation, teamwork, and readiness** for the **evolving pharmaceutical industry**.

CAMPUS EVENTS & ACTIVITIES

INDUCTION PROGRAM

GUEST LECTURE ON "EMPOWERING STUDENTS THROUGH SKILL DEVELOPMENT"

The college organized Day 1 of the Student Induction Program to warmly welcome the newly admitted students. The program introduced students to the institution's vision, values, academic culture, and learning environment, helping them feel confident and connected. Faculty members and mentors extended their greetings and motivated students to actively engage in academic and personal development. A special highlight was an inspiring session by distinguished alumnus Mr. Tabish Taji, who shared his professional journey and valuable insights from campus life to career growth, encouraging students to pursue excellence with dedication and perseverance.

**"EVERY GREAT JOURNEY BEGINS WITH THE COURAGE TO TAKE THE FIRST STEP-
WELCOME TO A FUTURE FULL OF POSSIBILITIES."**

CAMPUS EVENTS & ACTIVITIES

INDUCTION PROGRAM

STUDENT FACULTY INTRODUCTION AND ACADEMIC AND LABORATORY TOUR

The Student Induction Program featured interactive student–faculty sessions along with an academic and laboratory tour, creating a supportive and engaging learning environment. Students had the opportunity to interact with faculty members, understand academic expectations, and clarify their queries. The guided tour familiarized them with classrooms, laboratories, and research facilities, offering exposure to instruments and learning resources. Together, these activities helped bridge theory with practice, build confidence, and foster a strong sense of belonging and enthusiasm for professional learning.

“WHEN GUIDANCE MEETS EXPLORATION, LEARNING BECOMES MEANINGFUL AND CONFIDENCE BEGINS TO GROW.”

GUEST LECTURE ON "CYBER SAFETY AND AWARENESS"

"Cyber Safety Awareness: Preparing Students for a Secure Digital Future."

The college organized an informative cyber safety and awareness session with an expert guest speaker. The session emphasized the importance of digital security, safe online practices, and protection of personal and academic data in today's technology-driven environment. Students were made aware of common cyber threats, data privacy concerns, and responsible internet usage. This initiative empowered learners to navigate the digital world confidently, responsibly, and securely during their academic journey and beyond.

Celebrating 150 Years of Vande Matarm

“VANDE MATARAM – 150 YEARS OF INSPIRING HEARTS AND MINDS.”

Our college proudly commemorates 150 years of Vande Mataram, a song that has inspired generations and ignited the spirit of patriotism across India. This celebration honors the legacy of national pride, cultural heritage, and the ideals of unity, courage, and dedication embodied in these historic verses. Students and faculty participated in events reflecting on its historical significance and the enduring message of devotion to the motherland.

“VANDE MATARAM - 150 YEARS OF INSPIRING HEARTS, IGNITING COURAGE, AND CELEBRATING THE SPIRIT OF INDIA.”

GUEST LECTURE ON TATA STRIVE MAHARASHTRA EAST

A guest lecture was held at the Institute of Pharmacy and Research, Badnera on 15/11/25 by Mr. Sudarshan Anilkumar Dharurkar, Project Manager, Tata STRIVE Maharashtra East. He discussed Tata STRIVE's skill development initiatives and the importance of professional competencies in the pharmaceutical sector. Students engaged actively, seeking guidance on career growth and industry expectations. The session began with a welcome by Mr. A. L. Pohane and concluded with a vote of thanks, leaving students motivated and better informed about essential industry-aligned skills.

“SKILL, KNOWLEDGE, AND GUIDANCE - THE PILLARS OF A SUCCESSFUL PROFESSIONAL JOURNEY.”

GUEST LECTURE ON INTRODUCTION TO AI IN PHARMACEUTICAL DEVELOPMENT

The Institute of Pharmacy & Research, Badnera organized a guest lecture on “Introduction to AI in Pharmaceutical Development” by Dr. Umesh V. Barabde. The session explained AI concepts and their applications in drug discovery, ADMET prediction, clinical trial design, and manufacturing optimization. Students gained insights into data driven research, computational pharmacy, and emerging industry trends. The program enhanced awareness of innovative technologies and motivated students to pursue future pharmaceutical careers.

“AI IN PHARMACY IS THE BRIDGE BETWEEN TRADITIONAL RESEARCH AND MODERN INNOVATION.”

A VISIT TO ASHADEEP SPECIAL SCHOOL.

The Ashadeep Special School Visit was organized to provide students an opportunity to understand, interact, and engage with children who are mentally challenged. During the visit, our students spent quality time with the children, participated in interactive sessions, and conducted fun activities to bring smiles to their faces. Gifts were distributed and snacks were arranged for all the kids, creating a cheerful and friendly environment.

The event helped students develop empathy, compassion, and social responsibility while giving the special children a memorable and joy-filled day. It was a heartwarming experience that strengthened values of humanity and kindness in everyone involved.

“A DAY OF JOY, EMPATHY, AND KINDNESS WITH ASHADEEP SPECIAL SCHOOL CHILDREN.”

CONSTITUTION DAY

The college commemorated Constitution Day to honor the adoption of the Indian Constitution and the principles of justice, liberty, equality, and fraternity enshrined in it. Students participated in awareness sessions, discussions, and activities that highlighted the importance of constitutional values in daily life. The event encouraged learners to appreciate their rights and duties as responsible citizens while promoting respect for the nation's democratic framework.

“HONORING THE CONSTITUTION IS HONORING OUR NATION’S IDEALS.”

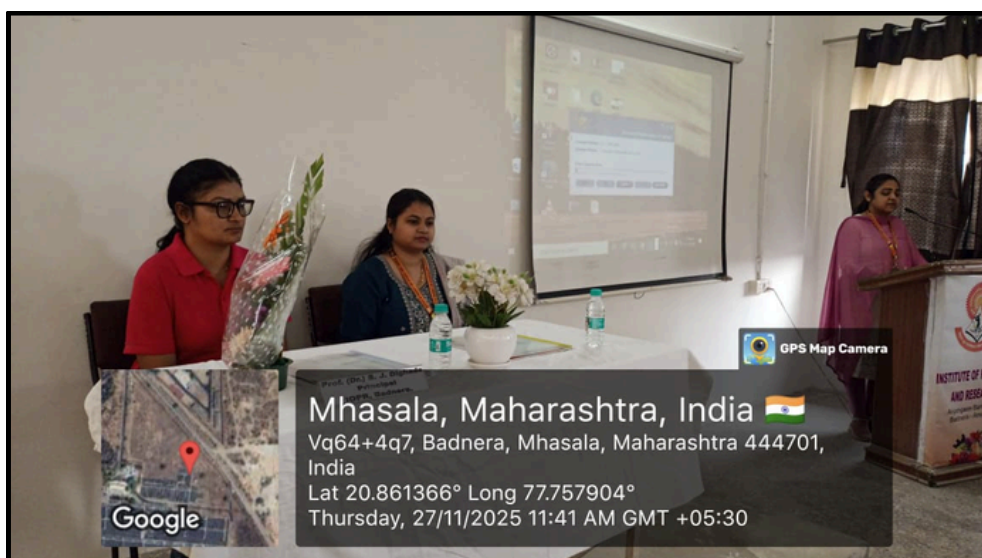

WOMEN'S HYGIENE AWARENESS SESSION

The college organized a Women's Hygiene Awareness Session to educate students about menstrual health and personal hygiene. A knowledgeable lecture highlighted best practices for maintaining health and wellness, followed by the distribution of sanitary pads to promote safe and hygienic practices. The initiative aimed to raise awareness, encourage healthy habits, and empower students with knowledge to care for themselves responsibly.

AID'S AWARENESS RALLY

An AIDS Awareness Rally was conducted to educate students and the community about prevention, compassion, and responsibility. Participants spread messages of safe practices, stigma-free attitudes, and timely testing. The rally highlighted the importance of health education and collective action in building an informed, supportive, and healthier society today together.

“AWARENESS IS THE FIRST STEP TOWARD PREVENTION, COMPASSION, AND A HEALTHIER FUTURE.”

VEER BAAL DIWAS

The Institute of Pharmacy & Research, Badnera, organized a Group Discussion on the occasion of Veer Baal Diwas to honor the courage, sacrifice, and unwavering conviction of the Sahibzades. The event aimed to instill values of patriotism, discipline, and social responsibility among students.

Students actively participated in discussions on topics such as the courage and sacrifice of the Sahibzades, bravery at a young age, the power of conviction, health is wealth, importance of discipline, role of a pharmacist in society, and safe use of medicines. The discussions encouraged critical thinking, ethical awareness, and effective communication skills.

The event successfully inspired students to reflect on moral values and their role as responsible citizens and future healthcare professionals, making the celebration meaningful and educational.

“THE COURAGE OF YOUNG HEARTS CAN SHAPE THE DESTINY OF A NATION.”

FIELD VISIT TO PRIMARY HEALTH CARE CENTRE

A visit to the Primary Health Care Centre, Anjangaon Bari, Amravati, was organized for D. Pharm, and B. Pharm students on 26th December 2025, with 63 students and faculty participating. The visit aimed to provide practical exposure to hospital operations and pharmacy practices. Students learned about hospital departments, medication storage, inventory management, and the role of the hospital pharmacy. An informative session on communicable diseases, especially tuberculosis, was conducted. The interactive visit enhanced students' understanding of healthcare services and professional responsibilities.

“PRACTICAL EXPOSURE IS THE BRIDGE THAT TRANSFORMS CLASSROOM KNOWLEDGE INTO PROFESSIONAL EXCELLENCE.”

MoU's Signed:

With retail pharmacy chains for hands-on training.

- With pharmaceutical distributors for industrial exposure and internships.

MoUs Signed with Industries and Organizations:

Our institute has successfully signed Memorandums of Understanding (MoUs) with the following esteemed organizations and institutions to enhance industrial exposure, research collaboration, student training, and academic growth:

1. **Madhavbaug Clinic**, Mudholkar Peth, Rajapeth, Amravati
2. **ALLMPUS Laboratories**, Adarsh Nagar, MIDC - Amravati
3. **AVR Human Development Institute**, Amravati
4. **Centre of Science for Villages**, Dattapur, Wardha
5. **Prof. Ram Meghe Institute of Technology and Research**, Badnera, Amravati
6. **VYWS Dental College & Hospital**, Tapovan, Wadali Road, Camp, Amravati
7. **KC Overseas Education Pvt. Ltd.**, Amravati
8. **TS&R Tech Services**, Chhatrapati Sambhaji Nagar, Aurangabad
9. **Shree Shivkrupanand Swami Foundation**, Rajkot
10. **Krushnarpan Medical**, Amravati
11. **H Jules & Company Limited**, MIDC Area, Hingna, Nagpur
12. **Institute of Pharmaceutical Education and Research**, Borgaon (Meghe), Wardha
13. **Global Talent Track Pvt. Ltd.**, Pune
14. **Capital Lifesciences & Ianaadhar Aushadhi Seva Pvt. Ltd.**, Amravati
15. **Mahatma Gandhi Ayurved College Hospital and Research Center**, Solod, Wardha
16. **Allwin Medicot Pvt. Ltd.**, Wardha
17. **Maharashtra Center for Entrepreneurship Development (MCED)**, Aurangabad
18. **GPAT Discussion Center Pvt. Ltd.**, Bilaspur
19. **Warkas Research and Innovations Pvt. Ltd.**, Amravati
20. **Neovant Therapeutics Pvt. Ltd.**, Ahmedabad
21. **Sairatna Medicals**, Amravati
22. **Zenith Hospital**, Walcut Compound, Amravati
23. **Government College of Pharmacy**, Kathora Naka, Amravati
24. **Maharashtra Knowledge Corporation Limited (MKCL)**, Pune.

MOU WITH MAHARASHTRA KNOWLEDGE CORPORATION LIMITED (MKCL), PUNE

The Institute of Pharmacy and Research, Badnera, has signed a Memorandum of Understanding (MoU) with Maharashtra Knowledge Corporation Limited (MKCL) to strengthen digital learning and skill development initiatives. This collaboration aims to integrate innovative educational technologies, promote digital literacy, and enhance employability skills among students. Through joint training programs and knowledge-sharing activities, the partnership will foster a future-ready learning environment aligned with evolving industry and academic needs.

“When education meets technology, learning becomes limitless.”

Workshop 2025 – Empowering Gen Z

The Rotary Club of Amravati Ambika organized a two-day Youth Seminar and Workshop 2025 on the theme “Empowering Gen Z” at Sikchi Resort, Walgaon, Amravati, attended by 100 students, including 29 from IPR Badnera. Our students showcased exceptional talent, winning several prizes and earning recognition for overall performance. Hon’ble Principal Prof. (Dr.) S. J. Dighade graced the event as Guest Speaker, inspiring participants to embrace responsibility, innovation, and leadership. The program provided a platform to build confidence, teamwork, and a visionary spirit among Gen Z students.

BEST PRACTICES INTRODUCED:

- **Mentor-Mentee Program:**

- Personalized academic and emotional support.
- Weekly Wellness Sessions: Addressing exam stress and screen fatigue.
- Digital Classroom Integration: Use of Google Classroom and Zoom for seamless learning.

TECHNO INNOVATIONS & FUTURE PLANS

Techno Buzz: Innovations at IOPR

- Initiated Digital Learning Platforms to share e-notes, pharmaceutical animations, and simulation videos.
- Exploring Generative AI tools to enhance teaching aids and automate content revision modules.

Future Goals:

- Launching an e-library portal with e-journals and pharma literature.
- Organizing a Webinar Series with industry experts on future pharmacy trends.
- Collaborating on research papers regarding social media's influence on mental health in students.

“Innovation in education doesn’t mean more screens—it means smarter, more connected minds.”

CONCLUSION

“Innovating Today, Empowering Tomorrow.”

As we conclude this edition of our newsletter, we take pride in celebrating a journey marked by innovation, creativity, and academic growth. Through meaningful academic initiatives, insightful interactions, and technology-driven learning such as the exploration of IoT in education, we continue to strengthen our commitment toward excellence and future readiness.

The Institute of Pharmacy and Research, Badnera, remains dedicated to nurturing skilled professionals who are not only academically sound but also technologically competent and socially responsible. Each activity highlighted in this edition reflects our collective effort to bridge theory with practice and to inspire a culture of curiosity, innovation, and leadership.

Together, faculty and students move forward with confidence, embracing change, fostering innovation, and preparing for a future shaped by knowledge and technology. Let us continue to explore, evolve, and excel—building a brighter tomorrow through learning, dedication, and unity.
