

Hospital Visit Report

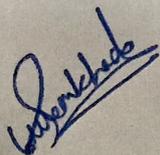

A visit to the Primary Health Care Centre, Anjangaon Bari, Amravati, was organized for the D. Pharm students on 26th December 2025. The primary objective of the visit was to provide students with practical exposure to a healthcare setting and to enhance their understanding of hospital operations and pharmacy practices. A total of 63 students, along with teaching faculty from the institute, participated in this educational visit.

On arrival, the group was warmly welcomed by the hospital staff. The teaching faculty welcomed the hospital administrator with a bouquet at the beginning of the visit. Dr. Rinkunjay Keche, Dr. Rasika Dharme and Pharmacist Mr. Dhiraj Rathod, by the teaching faculty, as a gesture of appreciation for facilitating the learning opportunity. The visit officially commenced at 1:00 pm.

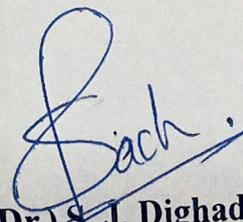

Students were introduced to various departments within the hospital, gaining a comprehensive understanding of the workflow and organization. They were given a closer look at medication storage and inventory management, highlighting the importance of maintaining proper storage conditions for pharmaceuticals. A detailed presentation was delivered on the role of the hospital pharmacy, covering aspects such as medication dispensing, patient safety, and collaboration with healthcare professionals.

An informative session was also conducted on communicable diseases, with a special focus on tuberculosis (TB). The hospital staff provided detailed insights into the epidemiology, prevention strategies, and treatment protocols for TB. Throughout the visit, students were encouraged to actively participate by asking questions, all of which were addressed by the staff, creating an interactive and engaging learning environment.

The visit successfully provided D. Pharm students with valuable insights into hospital operations and the practical roles of healthcare professionals. At the conclusion, the college delegation expressed gratitude to the staff of the Primary Health Care Centre on behalf of the principal and all employees, appreciating their cooperation and support in facilitating the visit.
